

**Hong Kong Institute of Project Management (HKIPM)
and
The Hong Kong Institution of Engineers - Building Division
(HKIE-BUD)**

**Joint Site Visit to "Re-provisioning of Kennedy Town
Swimming Pool Phase 2" Project**

Event Title

Joint Site Visit to the "Re-provisioning of Kennedy Town Swimming Pool Phase 2" Project (堅尼地城游泳池重置工程二期) – MTR Contract #713

Organizers

Hong Kong Institute of Project Management (HKIPM); and
The Hong Kong Institution of Engineers - Building Division (HKIE-BUD)

Date, Time and Venue

Date: 9 July 2016 (Saturday)

Time: 10:00 am – 12:00 noon (2 hours)

Gathering Point (集合點): Kennedy Town Swimming Pool Phase 1 Entrance

Participants

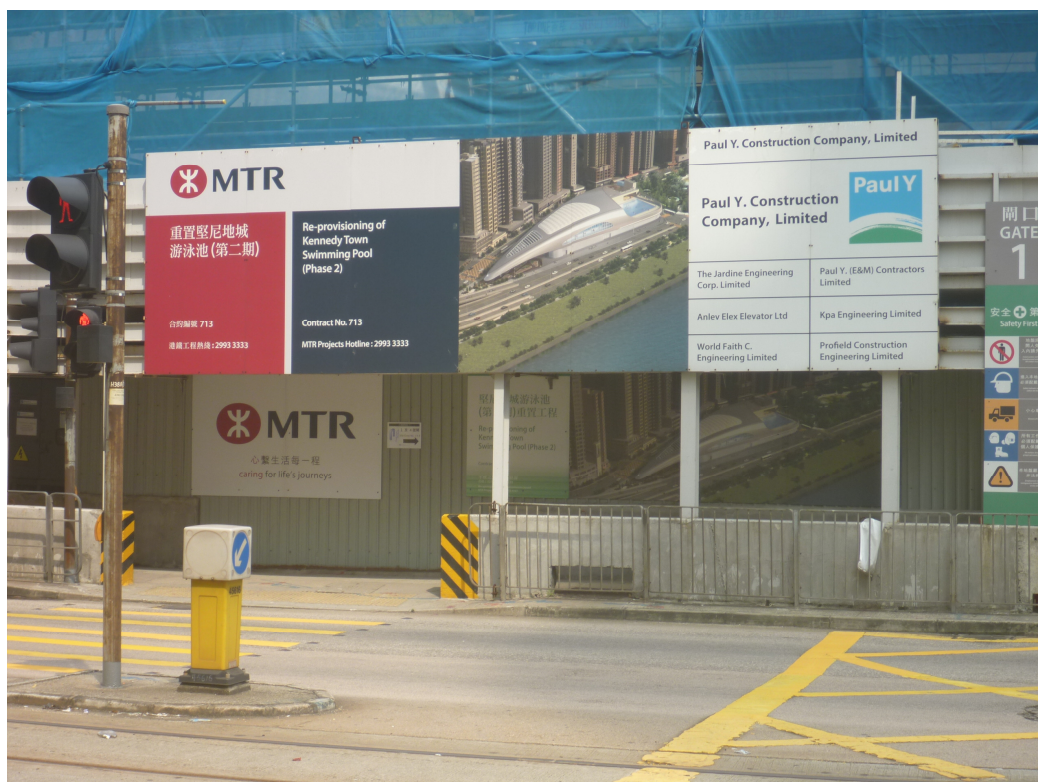

A total of 11 participants from HKIPM attended the site visit, including 7 normal registrants accompanied by 4 council members of HKIPM (i.e. Dr Francis Chan, Mr Simon Cheung, Dr Daniel Chan and Mr Dick Chui). Besides, another 15 members of HKIE (BUD) participated in the site visit as well including Ir Danny Ho (Chairman), Ir Cedric Chan (Technical Talk/Seminar Coordinator I) and Ir Ken Fok (Secretary).

Project Highlights

- Employer: MTR Corporation Ltd
- Main Contractor: Paul Y Construction Company Ltd
- Project Manager: MTR Corporation Ltd
- Contract value: HK\$ 671 million
- Main contract used: Engineering and Construction Contract (ECC) Option A of NEC
- Start - Finish: 2014 – 2016

A technical briefing of the project lasting for one hour was provided by the two representatives from the main contractor: Mr Wong Wai Yu (Project Manager) and Mr Kwan Kai Hon Alan (Senior Project Manager); and the employer: Mr Mak Kam Woon (Senior Design Management Engineer - Civil) to the attendees, followed by a general safety induction by a Safety Officer of the main contractor. A guided site visit comprising two routes was escorted by Mr Kwan Kai Hon Alan (Senior Project Manager) towards the members of HKIPM and Mr Wong Wai Yu (Project Manager) for the members of HKIE (BUD).

The site visit was ended by a closing meeting at the entrance foyer of Phase 1 with some interesting questions from the participants and insightful answers from the representatives from the project team members. All the attendees really enjoyed the site visit, and they found it very informative, clearly presented and very useful to their personal knowledge development of various construction technology and methods adopted for this community service project and the application of the New Engineering Contract (NEC) in Hong Kong.
